

How does it work? Who does it?
What happens when it goes wrong?

Discover the world of cyber professionals for Computer Science Education week - 9 & 11 December

From protecting flight paths, to encrypting phone data, securing our hospitals and safeguarding online shopping, cyber security is vital for our technology-driven lives.

Meet our expert cyber security professionals in these **free, fun-packed 50 minute digital workshops**. Take part in exciting challenges and cyber activities, and ask the experts your questions. Two schools will win an in-person visit from the RAF Youth STEM Team.

Meet the expert speakers

Melissa Gurney

Tuesday 9 December @ 10am & 2pm

Andrew Yeoman

Thursday 11 December @ 10am

Roha Raheel

Thursday 11 December @ 2pm
