

# Supporting Healthy Relationships for Children Webinars – December 2023

**A Hampshire funded CPD offer for secondary senior leaders in Hampshire and the Isle of Wight.**

Following on from the [Beyond Equality](#) presentation at the Hampshire PDL conference 2022, HIAS is offering an additional opportunity for schools to support and promote healthy relationships, with a particular focus on supporting boys in developing positive behaviours.

**The two online sessions will include:**

- an improved understanding of how masculinities show up for young people, and impact their experiences & behaviour
- an increased awareness of how and when to positively intervene and influence boys' experiences & behaviour
- take-away activities to continue the conversations with your pupils during tutor time, PSHE lessons etc.
- introducing the framework of masculinities and understanding how it might link in general to experiences and behaviours
- exploring masculinities and other social norms at our school and how they might be shaping the experiences, attitudes and behaviours of young people
- examining how we can positively intervene and create a whole school approach to create happier, safer and more inclusive schools.
