

Aspiring primary headteachers programme 2024-25

Developing Exceptional Primary Strategic Leadership

Fantastic course. I feel like it has really improved me professionally and personally given me the opportunity for reflection and growth.

The Hampshire Primary Programme for those preparing for headship within the next two years.

This professional development is designed to empower Deputy Headteachers, Assistant Headteachers and Head of School Leaders to have a sharper impact in their current roles and to prepare leaders for headship.

The aim is to develop aspiring headteachers: giving the leadership skills, depth of knowledge, theory, breadth of understanding and confidence to take on the challenging but exciting role of being a headteacher.

The programme will strengthen the impact of leaders within their current schools and give them the confidence, skills, and knowledge to apply for and successfully secure a headship in the future.

Overview

This **7-session programme** starts in October 2024 and is designed to link to the cycle of school improvement. There will be a series of seminars and visits to schools to see and learn from successful headteachers.

This programme will enable delegates to:

- explore the place of vision and inspiration in highly effective schools
- be challenged in their view of leadership, developing a greater understanding of transformational and transactional leadership
- develop greater clarity in the need for relentless insistence on refining the quality of teaching and learning
- develop a robust understanding of efficient management of systems and structures
- sharpen their own leadership and empower other leaders to strengthen the quality of the curriculum.

I am very grateful for this opportunity and for the impact this course has had on my thinking.

Participants will have the opportunity to:

- visit other schools to experience the impact of successful leadership first hand
- listen to, and reflect on the leadership journeys of new and experienced headteachers
- receive high quality training, delivered by a HIAS School Improvement Manager, a Primary Phase Inspector and successful current headteachers
- undertake a high impact improvement project in their own schools
- reflect and use current thinking and research on highly effective leadership.

Thank you for your guidance and support during what has been an extremely valuable learning experience.

Really well thought out programme. Visiting headteachers was brilliant. I really liked the variety of settings and how the Talking Heads matched the reading.
