

Getting your ducks in a row...being Ofsted ready (Webinar) 24-25

These webinars are aimed at those secondary schools that are in the Ofsted window during 2024/2025. Participants will be secondary headteachers accompanied by their chairs of governors*.

The online sessions will include some general reminders about the changes Ofsted have made to the inspection process including the lived difference between a graded and ungraded inspection. The sessions will refer to recent school experiences, weave through ongoing changes and adjustments to the Framework and provide a practical approach to ensure school leaders remain confident throughout their inspection.

The webinars will also touch on some of the following aspects of a live inspection:

- Pre-inspection documentation including the IDSR.
- The phone call with the lead inspector to set the scene.
- Supporting the middle leaders to give a good account of their work.
- Managing the typical inspection timetable.
- What to do when it feels as if things are going awry.
- FAQs.

The webinars will be led by a member of the HIAS secondary team and will invite input from some headteachers who have recently experienced inspection.

**Please book only the headteacher on to the webinar; they can share the unique MS Team link received after the booking confirmation with their chair of governors.*
