

Stepping with Confidence into Secondary Senior Leadership 2023

Delivered by the Secondary HIAS Inspector, this in-depth programme supports the future senior leaders in our schools.

This multi session course is aimed at established middle leaders who are thinking about the next steps in their career path, or highly aspirational teachers who are secure in their subject, have led others and wish to explore their potential for senior leadership. It would also be appropriate for newly appointed assistant headteachers or lead practitioners.

With many schools now 'growing their own' future leaders, this programme will support with a focus on using other school contexts to challenge thinking and encourage the development of a wider theoretical base with practical examples to inspire. This will ensure Governors continue to be able to appoint experienced leaders ready to tackle the broad challenges facing senior leadership teams today.
