

Secondary Leadership Conference: Best Practice Event Autumn 2023

Monday 9 October 13.00-16.00

A half day conference for Headteachers and Senior Leaders

This senior leader curriculum conference seeks to build on the success of the recent half day events by sharing the great work of schools across Hampshire and the Isle of Wight with the intention of helping those in attendance learn from and be inspired by the success of others.

This conference will strengthen awareness about:

- The elements to be securely in place for supporting students with SEND.
- The focus on student learning and developing a culture of self-regulation and self-efficacy.
- Ensuring adaptive teaching.
- The great practice in our own schools.
- Collaboration and good practice sharing.

The conference will have two keynote presentations:

- Helping children with SEND to become resilient and independent learners – a whole school improvement journey.
- Developing a culture of self-regulation and self-efficacy.

Each delegate will then be able to select a **breakout session**, facilitated by one of three school leaders across the county, as this event promotes the goal of sharing great practice in our schools. The breakout session themes include **developing a culture of self-regulation and self-efficacy**, **quality assurance of the curriculum** and **adaptive teaching**.
