

## 22-23 - Ofsted Briefing - Education Inspection Framework 2019 (Webinar)

Hampshire Inspection and Advisory Service (HIAS) is offering a series of virtual half termly briefings that aim to deepen the knowledge and understanding of Headteachers and Chair of Governors in respect of the current Ofsted inspection framework.

There will be opportunities to review information relating to the latest national and local inspection trends and patterns and consider implications for their own school. Additional input will be provided by headteachers of schools that have been inspected since September 2021 and members of the Primary Phase Inspector team who support schools through the process.

### These briefings will provide:

- A sound understanding of the process for current Ofsted inspections including:
  - the structure for both section 8 and section 5 inspections
  - Ofsted's expectation of schools before and during an inspection
  - the aspects evaluated and the judgements to be made, particularly in relation to the quality of education judgement
- An insight into the thinking of how the evidence is gathered, including the 'deep dive', and how judgements are arrived at
- Clarity about the importance of the culture of safeguarding

**Please note:** the course price entitles a school to **two** places at the briefing (the Headteacher and Chair of Governor).

### Important booking information

- For Hampshire maintained schools - please note that headteachers will need to book themselves on this training offer. Due to the organisation structure in SAP, it is not possible for a Delegated Manager to make a booking on behalf of a Headteacher. The approval process has been removed for this course so it will not be necessary for headteachers to select an approver to authorise their booking.
- Chairs of Governors are invited to attend but do not need to book a place. Head teachers who have booked a place will be sent a meeting link, which they should share with the Chair of Governors.
